Let's Verify Your Personal Information

 **Pomeranian Puppy**

Work your way through the different plan options. Start with Medical and go down the list on the lefthand side. As you complete each selection, a green checkmark will appear. In the plan, select the option you want to select, and then you will be asked to select a level of coverage (Employee Only, Employee/Spouse, Employee/Child(ren), Family) as applicable.

If you choose a coverage beyond Employee Only, you will be asked to select the dependents to cover on the plan.

* Elected cost is an estimate only. Actual deduction amounts can vary in specific instances. For example, a 5% deferred compensation (i.e. 401k plan) election is projected using your base pay but the deduction is calculated using actual compensation and plan rules. Plans that require Evidence of Insurability (EOI) such as life insurance, reflect the cost of the requested amount but the deduction may be based on actual coverage until EOI is approved.
** Per Month costs are calculated by taking the annual amount and dividing it by 12; therefore, the actual monthly cost may vary from the stated amount if the deduction schedule is not distributed evenly on a per month basis.

Benefit Election and Deduction Authorization

- I have elected to participate or opt out of the benefit plans as shown below.
- I authorize my Employer to deduct from my pay any premium amounts shown below.
- I understand that most pre-tax elections cannot be changed or revoked prior to the next plan anniversary date unless I experience a "Change in Status" as defined under the Internal Revenue Code
- Updates to these elections can be made until the final day of the enrollment period
